English Instructions

Click on letter choices below to view the correct answer and question explanations.

Which choice would most effectively introduce the rest of this paragraph?

Individual Question

E. NO CHANGE

F. There seemed to be no explanation for why Mom ran our household the way she did.

G. Our household didn't run according to a typical schedule.

H. Mom ran our household in a most spectacular manner.

Incorrect Response

The best answer is NOT F. This is a poor introductory sentence because the paragraph does explain why the mother ran the household in an untypical manner: Everything depended on the tides.

Correct Response

The best answer is G. This is a good introductory sentence because the rest of the paragraph explains how the narrator's household "didn't run according to a typical schedule." The paragraph goes on to say that "meals weren't always served in the expected order" and that the mother operated according to the tides, which were not on a typical household schedule.

*About the PreACT test and score scale

The PreACT is shorter than the full ACT and is based on a subset of ACT test specifications. The PreACT is reported on the same 1 to 36 score scale as the ACT, but PreACT has a maximum score of 36.

*Math test questions can map to multiple reporting categories, so items will exceed the number of questions on test.

PreACT Composite Score: For each test we converted your number of correct answers into a 1 to 36 score. Your Composite score is the average of your scores on the four subject areas (math, science, English, and reading) rounded to the nearest whole number. If you left any test completely blank, that score is reported as two dashes and no Composite score is computed.

STEW: Science, Technology, Engineering, and Math.

DIRECTIONS: Solve each problem, choose the correct answer, and then fill in the corresponding oval on your answer document. Do not linger over problems that take too much time. Solve as many as you can; then return to the others in the time you have left for this test. You are permitted to use a calculator on this test. You may use your calculator for any problems you choose, but some of the problems may best be done without using a calculator.

Note: Unless otherwise stated, all of the following should be assumed.

1. Illustrative figures are NOT necessarily drawn to scale.
2. Geometric figures lie in a plane.
3. The word line indicates a straight line.
4. The word average indicates arithmetic mean.

The weekly fee for staying at the Pleasant Lake Campground is \$20 per vehicle and \$10 per person. Last year, weekly fees were paid for v vehicles and p persons. Which of the following expressions gives the total amount, in dollars, collected for weekly fees last year?

X Your answer is incorrect

- ☐ $20v+10p$
- ☐ $20p+10v$
- ☒ $10(v+p)$
- ☐ $30(v+p)$

Composite Scores

Composite scores and subject test scores tell you and your students which subjects need more focus before graduation.

Predicted ACT Scores

PreACT scores can be used to predict how well students are likely to perform on the ACT test. These can help determine if there are subject areas requiring more focus to improve skills and scores.

Detailed Results

This score shows the percent and number of points earned out of the total number of points possible on the skills tested within each subject.

Problems Matching Scores

Occasionally we are unable to post scores when expected. If yours are not available yet, it may be due to one of these issues:

- **Answer documents from your test center arrived late or your test date was rescheduled.** (Please allow an additional one to two weeks for answer documents to arrive from locations other than the United States, US territories, and Canada.)
- **The "Matching Information" you provided on the answer document (name, date of birth, and Match Number) is not consistent with the Matching Information on your admission ticket.** Scores cannot be reported until they can be accurately matched to the correct person. About 8-10 percent of examinees provide inconsistent information.
- You provided **incomplete or inaccurate test form information** on the answer document, or the answer document has not cleared all other scoring accuracy checks.
- **An irregularity is reported at your test center.**
- **You owe any registration fees.**
