# **INDEPENDENT AUDITOR'S REPORT**

To the Board of Trustees The Muskingum County Community Foundation and Affiliates Zanesville, Ohio

## **Report on the Audit of the Financial Statements**

# **Opinion**

We have audited the consolidated financial statements of The Muskingum County Community Foundation and Affiliates (the "Foundation"), which comprise the consolidated statements of financial position as of December 31, 2022 and 2021, the related consolidated statements of activities and change in net assets, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements (collectively, the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Foundation as of December 31, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

# **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The consolidated graphs representing: grants awarded, gifts, bequests, in-kind donations, and grants received, investment income, and investment composition on pages 23 through 26 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Description of Program and Supporting Services

The Muskingum County Community Foundation ("MCCF"), formerly The Zanesville Foundation, was formed in August 1985 for the purpose of encouraging gifts from individuals, estates, corporations and other entities and to provide the means for those gifts to be accumulated and distributed for the benefit of the community of Muskingum County.

MCCF administers the funds of MCCF, Limited, MCCF II, LLC, MCCF III, LLC, and Wooden Building, LTD, which are all limited liability companies. MCCF is the sole member of these four entities. MCCF, Limited was formed in April 2002. MCCF II, LLC and MCCF III, LLC were formed in November 2004 and January 2010, respectively, and Wooden Building, LTD was formed in July 2013, to support MCCF and its charitable purposes.

#### **Basis of Accounting**

The consolidated financial statements are prepared on the accrual basis in accordance with generally accepted accounting principles ("GAAP") in the United States of America.

#### Principles of Consolidation

The consolidated financial statements include MCCF, and its four wholly owned subsidiaries: MCCF, Limited, MCCF II, LLC, MCCF III, LLC and Wooden Building, LTD (collectively, the "Foundation"). All significant intercompany accounts and transactions have been eliminated in consolidation.

## Net Assets and Financial Statement Presentation

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

<u>Net Assets Without Donor Restriction</u> – Net assets without donor restrictions are available for use at the discretion of the Board of Trustees (the "Board") and/or management for general operating purposes. From time to time, the Board may designate a portion of these net assets for specific purposes which makes them unavailable for use at management's discretion. While most of the Foundation's net assets are reported without donor restriction, many of them are endowments intended to benefit specific charities. These net assets are listed as net assets without donor restriction due to the existence of variance power.

<u>Net Assets With Donor Restrictions</u> – Net assets with donor restrictions consist of assets whose use is limited by donor-imposed, time and/or purpose restrictions. The Foundation reports gifts of cash and other assets as revenue with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, the net assets are reclassified as net assets without donor restriction and reported in the statements of activities as net assets released from restrictions.

Accounting standards provide that if the governing body of an organization has the ability to remove a donor restriction, the contributions should be classified as net assets without donor restrictions. Accordingly, the financial statements classify all net assets that the Foundation has obtained variance power from the donor as net assets without donor restrictions.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Revenue and Support Recognition

The Foundation's specific revenue and support recognition policies are as follows:

## **Contributions**

Contributions, gifts and bequests received are recorded as with donor restriction or without donor restrictions depending on the existence or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Unconditional promises to give (pledges) are recorded as received and are considered available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as net assets with donor restrictions. Unconditional promises to give due in the next year are reflected as current promises to give and are recorded as their net realizable value. Unconditional promises to give due in subsequent years are reflected as long-term promises to give and are recorded at the present value of their net realizable value, using risk free interest rates applicable to the years in which the promises are received to discount the amounts. Amortization of the discount is included in the related contribution revenue.

Conditional promises to give – that is, those with a measurable performance or other barrier and a right of return – are not recognized until the conditions on which they depend have been met.

#### **Donated Materials**

Donated property, marketable securities, and other non-cash donations are recorded as contributions at their fair market value at the date of transfer.

## In-Kind Services

Office space, some architectural media, and some legal services are furnished without charge and are accounted for as revenue and expense at fair market values as determined by comparable properties and services.

<u>Contract with Customer</u> See Footnote 7 for policies on contracts with customers.

#### Cash and Cash Equivalents

For the purpose of these financial statements, cash and cash equivalents include all highly liquid investments with original maturities of three months or less.

#### Pledges Receivable

Pledges to give are recognized as revenue in the period received and as assets, decreases of liabilities or expenses depending on the form of the benefits received. Pledges to give are recorded at net realizable value if they are expected to be collected in one year and at fair value if they are expected to be collected in more than one year.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Advertising Costs

The Foundation expenses the production costs of advertising the first time the advertising takes place. Advertising expense for the years ended December 31, 2022 and 2021 was \$10,279 and \$3,231, respectively.

#### Certificates of Deposit

Certificates of deposit are carried at principal plus interest. Maturities of 90 days or less are considered "cash and cash equivalents." Certificates of deposit with original maturities greater than three months and remaining maturities less than one year are classified as "current." Certificates of deposit with remaining maturities greater than one year are classified as "long-term."

#### Investments

Marketable debt and equity securities are stated at fair market values as determined at year-end.

#### Collectibles and Artwork

The Foundation capitalizes its collectibles and artwork, which include a stained glass work of art, various framed paintings by local artists, various pottery artifacts and various other items. These pieces are held for exhibition to the public and are protected and preserved by the Foundation. It is the intent of the Foundation to hold these items indefinitely.

#### Property and Equipment

Purchased equipment is recorded at cost, less accumulated depreciation. Assets acquired through capitalized leasing arrangements are recorded at the lower of fair market value or present value of minimum required lease payments. Leasehold improvements are depreciated over the lesser of the useful life or the lease term. Donated equipment is recorded as support at its estimated fair value at the time of donation. Such donations are reported as support without donor restriction unless the donor has restricted the donated asset to a specific purpose. As of December 31, 2022 and 2021, the Foundation did not have donated property restricted for a specific purpose. It is the Foundation's policy to capitalize expenditures for items in excess of \$400. Expenditures for replacements are capitalized and the replaced items are retired. Maintenance and repairs are charged to operations. Gains and losses from the sale of property and equipment are included in revenue and support. Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the assets as follows:

Building and renovations	39 years
Leasehold improvements	15 years
Equipment	5 - 7 years
Furniture and fixtures	5 - 7 years

#### Depreciation and Amortization expense

Depreciation and amortization expense was \$14,539 and \$12,690 for the years ended December 31, 2022 and 2021, respectively.

#### Provision for Federal Income Tax

The Foundation is exempt from federal income taxes under Internal Revenue Code Section 501(c)(3) and had no unrelated business income subject to income tax for the years ended December 31, 2022 and 2021. MCCF is the sole member of its four subsidiary entities, all of which are limited liability companies and are disregarded entities for IRS reporting purposes.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

# Provision for Federal Income Tax (Continued)

GAAP requires management to evaluate the level of uncertainty related to whether tax positions taken will be sustained upon examination. Any positions taken that do not meet the more-likely-than-not threshold must be quantified and recorded as a liability for unrecognized tax benefits in the accompanying consolidated statement of financial position along with any associated interest and penalties that would be payable to the taxing authorities upon examination. Management believes that none of the tax positions taken would materially impact the financial statements and no such liabilities have been recorded.

#### Allocation of Functional Expenses

The Foundation estimates the percentage of each major category of expense that is related to its exempt function activities to determine the amount allocated to program expense.

# Use of Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

# Adoption of New Accounting Standard

In February 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update (ASU) No. 2016-02, *Leases (Topic 842)*, which specifies the accounting for leases. The objective is to establish the principles that lessees and lessors shall apply to report useful information to users of financial statements about the amount, timing and uncertainty of cash flows arising from a lease. This ASU introduces the recognition of lease assets and lease liabilities by lessees for those leases classified as operating leases under previous guidance. The guidance was effective for annual reporting periods beginning after December 15, 2021. The adoption of the guidance did not have a material impact on the Foundation.

In March 2023, the FASB issued ASU No. 2023-01, *Leases (Topic 842) Common Control Arrangements*, which amends certain provisions of Topic 842 that apply to arrangements between related parties under common control. The standard provides an optional practical expedient under which private companies can use the written terms and conditions of an arrangement between entities under common control to determine (1) whether a lease exists and (2) the subsequent accounting for (and classification of) the lease. This practical expedient can be applied on an arrangement-by-arrangement basis, and an entity is not required to consider the legal enforceability of such written terms and conditions. The standard also amends the accounting for leasehold improvements in common-control arrangements and requires a lessee in a commoncontrol lease arrangement to amortize leasehold improvements that the lessee owns over the improvements' useful life to the common control group, regardless of the lease term, if the lessee continues to control the use of the underlying asset through a lease.

ASU No. 2023-01 is effective for fiscal years beginning after December 15, 2023, and interim periods within those fiscal years interim periods. Early adoption is permitted in any annual or interim period as of the beginning of the related fiscal year. The Foundation early adopted the standard on January 1, 2022. The adoption of the guidance did not have a material impact on the Foundation's financial statements.

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Subsequent Events

Subsequent events have been evaluated through August 11, 2023, which is the date the financial statements were available to be issued.

#### NOTE 2: CASH AND CASH EQUIVALENTS

Cash and cash equivalents consisted of the following as of December 31:

Pledges receivable consisted of the following as of December 31:

	2022	2021
Cash on hand, checking and savings accounts	\$ 768,903	\$ 482,601
Cash management funds	1,747,432	2,500,004
Total cash and cash equivalents	\$ 2,516,335	\$ 2,982,605

# NOTE 3: PLEDGES RECEIVABLE

5	2022	2021
Receivable in less than one year	\$ 5,057	\$ 8,140
Receivable in one to five years at face value	-	-
Pledges receivable, at face value	 5,057	8,140
Less: allowances for uncollectible pledges receivable	(5,057)	 (5,057)
Pledges receivable, net	\$ -	\$ 3,083
	2022	 2021
Pledges receivable, current portion, net	\$ -	\$ 3,083
Pledges receivable, long-term portion, net	_	
Pledges receivable, net	\$ -	\$ 3,083

## NOTE 4: CONTRIBUTIONS RECEIVABLE – CHARITABLE REMAINDER TRUSTS

As of December 31, 2022 and 2021, the Foundation had contributions receivable from a unitrust of \$323,384 and \$405,653 respectively. These contributions receivable were discounted to \$113,983 and \$133,663 as of December 31, 2022 and 2021, respectively, using fair market value of assets donated and a market discount rate. The unitrust is irrevocable and transfers assets upon the death of the life beneficiary. The agreement specified that a certain percentage of the net fair market value of the trust assets be paid in quarterly installments to the donor(s) from income and, to the extent income is insufficient, from principal. Any income in excess of the unitrust amount shall be added to the principal.

#### NOTE 5: INVESTMENTS

Investments are recorded at fair value. The value assigned to investments received by the gift is the market value at the date of the donation. Marketable equity securities are valued at fair value determined by quoted prices as of December 31, 2022 and 2021. Investments consisted of the following as of December 31:

	2022	2021
Equity funds	\$ 11,169,125	\$ 13,064,705
Common stock domestic	5,776,899	7,898,344
Common stock international	219,377	266,451
Commodity funds	259,279	264,183
Bond funds	4,382,145	4,360,987
Corporate obligations domestic	2,062,722	476,251
Governmental obligations	439,413	287,431
Other equity interests	746,042	900,473
Other	-	36,650
Investments, at fair value	25,055,002	27,555,475
Excess fair value over cost	(2,980,961)	(7,599,569)
Investments, at cost	\$ 22,074,041	\$ 19.955,906

#### NOTE 6: PROPERTY AND EQUIPMENT

Property and equipment consists of the following as of December 31:

	2022	 2021
Building and renovations	\$ 200,966	\$ 306,966
Land	671,807	661,807
Leasehold improvements	183,778	123,790
Equipment	92,616	85,853
Furniture and fixtures	56,288	 50,668
Property and equipment, at cost	1,205,455	1,229,084
Less: accumulated depreciation	(317,285)	 (302,746)
Property and equipment, net	\$ 888,170	\$ 926,338

#### NOTE 7: ADMINISTRATION FEE REVENUE

The Foundation assesses administration fees to the various funds at a rate of 0.25% of the market value of invested assets at each quarter end. Scholarship funds were assessed fees at a rate of 0.50% per quarter. Project type funds were assessed fees at a rate of 2% of income coming into the fund. Revenue from these contracts with customers is recognized over time as performance obligations of performing administrative services are met.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

#### NOTE 8: CASH SURRENDER VALUE – LIFE INSURANCE

The Foundation is the owner and beneficiary of various insurance policies given as contributions. The Foundation, in most cases, pays the premium and the donor reimburses the Foundation. Cash surrender values are determined at the end of the statement year and revenue is adjusted accordingly. For the years ended December 2022 and 2021, cash surrender values increased by \$21,326 and \$20,599, respectively. The aggregate face values of the policies assigned to the Foundation are approximately \$2,100,000 as of December 31, 2022 and 2021.

#### NOTE 9: CONCENTRATION OF ECONOMIC RISK

The Foundation invests its funds with local financial institutions or investment advisors. Other than funds needed for current operations, all funds are deposited with financial institution trust departments under various trust agreements and cash management arrangements. Monies are invested by the trust departments, subject to agreements and general guidelines, in cash management accounts, mutual funds, U.S. Treasury securities, agency issues of the United States government, corporate bonds, and corporate capital stock (foreign and domestic). Deposits in interest-bearing and non-interest bearing accounts are collectively insured by the Federal Deposit Insurance Corporation ("FDIC") up to a coverage limit of \$250,000 at each FDIC-insured depository institution. As a result, the Foundation may have balances that exceed the insured limit.

## NOTE 10: SEGREGATED INVESTMENTS

Certain funds are required by donor and trust agreements to be invested and maintained separately in specific financial instruments or bank trust accounts. As of December 31, 2022 and 2021, segregated funds include the Josephine Sebach Educational Fund assets with market values of \$2,453,136 and \$2,464,462, respectively, the Longaberger Quality of Life Endowment Fund assets with market values of \$1,378,276 and \$1,625,696, respectively, funds established from the estate assets of Mary Vashti Funk with market values of \$2,645,611 and \$3,050,667 respectively, funds established from the estate assets of Emmett J. France with market values of \$1,375,277 and \$1,552,488, respectively, the Sarah E. Slack Prevention of Blindness Fund with market values of \$1,725,593 and \$1,976,921, respectively, and the Cerney Charitable Remainder Trust Annuity with market values of \$0 and \$149,261, respectively. These funds included cash and cash equivalents of \$1,747,432 and \$2,500,003 as of December 31, 2022 and 2021, respectively.

# NOTE 11: RETIREMENT PLAN

The Foundation has a Simple IRA in which employees may contribute any amount up to certain maximum limits allowable as specified in the Internal Revenue Code. The Foundation matches employee contributions up to 3%. The Foundation contributed \$10,674 and \$11,013 to the plan during the years ended December 31, 2022 and 2021, respectively.

#### NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

#### NOTE 12: OPERATING LEASE OBLIGATIONS

The Foundation leases its offices from a non-profit organization. The term of the lease was renewed for another 20 years through 2039. The lease can be automatically renewed for an additional 20-year term upon notification to the lessor at least one year prior to the expiration of the primary term. The Foundation is required to set aside \$1,000 per month to provide for maintenance and repairs of the building. If this fund reaches \$10,000 of unneeded and uncommitted funds, the monthly set aside may cease as long as the sum of \$10,000 is maintained in the accounts. The Foundation recognizes the fair value of the building rent in the amount of \$60,000 annually as an in-kind contribution and corresponding rental expense.

## NOTE 13: AGENCY FUNDS

The Foundation has adopted provisions of the "Revenue Recognition" topic of the FASB Accounting Standards Codification ("ASC"). Provisions of this topic establish standards for transactions in which a community foundation accepts a contribution from a donor and agrees to transfer those assets, the return on investment of those assets, or both to another entity that is specified by the donor. Provisions also specifically require that if a not-for-profit organization establishes a fund at a community foundation with its own funds and specifies itself as the beneficiary of that fund, the community foundation must account for the transfer of such assets as a liability. The Foundation refers to such funds as agency endowments.

The Foundation maintains variance power and legal ownership of agency endowment funds and as such continues to report the funds as assets of the Foundation. However, in accordance with the "Revenue Recognition" topic of the FASB ASC, a liability has been established for the fair value of the funds, which is equivalent to the funds current fair market value.

As of December 31, 2022 and 2021, the Foundation was the owner of 21 agency endowment funds, respectively, with a combined value of \$1,306,976 and \$1,204,316, respectively. The following table summarizes activity in such funds during the years ended December 31, 2022 and 2021:

	2022	2021
Agency Endowment Fund balances as of January 1	\$ 1,204,316	\$ 996,149
Amounts raised	324,316	5,181
Investment income, net of administrative and bank fees	6,086	857
Net unrealized and realized gains (losses) on investments	(176,237)	119,318
Refundable advances reclassification	-	107,969
Repayments on refundable advance	(24,707)	-
Grants awarded	(26,798)	(25,158)
Agency Endowment Fund balances as of December 31	\$ 1,306,976	\$ 1,204,316

#### NOTE 14: ASSETS AND LIABILITIES – FAIR VALUE INFORMATION

In accordance with the Fair Value Measurements and Disclosures Topic of the FASB ASC, all financial instruments that are being measured and reported on a fair value basis must be classified and disclosed in one of the following three categories:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means, and if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no changes in methodologies used during the years ended December 31, 2022 and 2021.

*Common stocks:* Valued at the closing price reported on the active market on which the individual securities are traded.

*Corporate and government bonds:* Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

*Mutual funds and other equity interests:* Valued at the net asset value ("NAV") of shares held by the plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

Assets measured at fair value on a recurring basis were as follows:

#### NOTE 15: ENDOWMENTS

#### Investment Policy

The Foundation's investment policy was established to give general guidance to investment managers with a goal of earning a reasonable rate of return based on market conditions while minimizing risk. Target allocations are as follows. Acceptable ranges are also given for each category.

US equities	35%
International equities – developed	15%
International equities – emerging	5%
Alternative Investments: REITs	5%
Alternative Investments: Long Short	5%
Alternative Investments: Relative Value / Event Driver	n 5%
Investment grade fixed income	30%

This policy applies to all of the Foundation's investments as a whole, with the exception of those assets in the Donor Advised/Pass Thru pool, which has a benchmark of 30% equity and 70% fixed income.

#### Spending Policy

Subject to giving instruments and statutory requirements, the Foundation's spending policy is determined by total return. The amount to be spent in the coming year is calculated in October, using September 30th figures, and is reviewed and approved by the Board annually. The calculation is based on a 12-quarter moving average of the market value of the total fund multiplied by an amount not to exceed 5%. Half of all fees (administration, investment management and custodianship) will be included in the multiplier. The other half of all fees will come from the principal balance. The spending policy applies to all endowment funds held by the Foundation.

The tables below represent changes in Board designated endowment net assets for the years ended December 31:

	 2022	2021
Balance, beginning of year	\$ 3,230,714	\$ 2,715,838
Contributions	30,984	247,872
Investment income	43,852	36,781
Net (depreciation) appreciation	(543,022)	340,336
Amounts appropriated for expenditures	(132,972)	(110,113)
Balance, end of the year	\$ 2,629,556	\$ 3,230,714

#### NOTE 16: LIQUIDITY AND AVAILABILITY OF FUNDS

The following reflects the Foundation's financial assets as of the statement of financial position date, reduced by amounts not available for general use within one year of December 31, 2022 because of contractual or donor-imposed restrictions or internal designations. Amounts not available include amounts set aside by the Board for growth and sustainability of the Foundation that could be drawn upon if the Board approves the action. The Foundation's financial assets available within one year of the statements of financial position date for general expenditure are as follows:

Financial assets:		
Cash and cash equivalents	\$	2,516,335
Certificates of deposit		69,758
Accounts receivable		901
Contributions and pledges receivables		11,860
Other receivables		14,180
Financial assets, at year-end		2,613,034
Less those unavailable for general expenditure within one yea Contractual or donor-imposed restrictions:	r, due	e to:
Postriction by donor with numago restrictions		

Restriction by donor with purpose restrictions	 -
Financial assets available to meet cash needs for general	
expenditures within one year	\$ 2,613,034

#### Liquidity Policy

As part of the Foundation's liquidity management, it maintains a sufficient level of operating cash and short-term investments to be available as its general expenditures, liabilities, and other obligations come due. Management treats investments as long-term assets. Additionally, the Foundation has the Board designated endowment fund, while the Foundation does not intend to spend this fund for purposes other than those identified, the amounts could be made available for current operations, if necessary.

# NOTE 17: GOVERNMENT ASSISTANCE

#### Paycheck Protection Program

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed. The CARES Act had impact on several matters. The Payroll Protection Program ("PPP"), administered by the Small Business Administration, allows eligible companies to apply for government assistance to help businesses keep their workforce employed during the Coronavirus ("COVID-19") crisis.

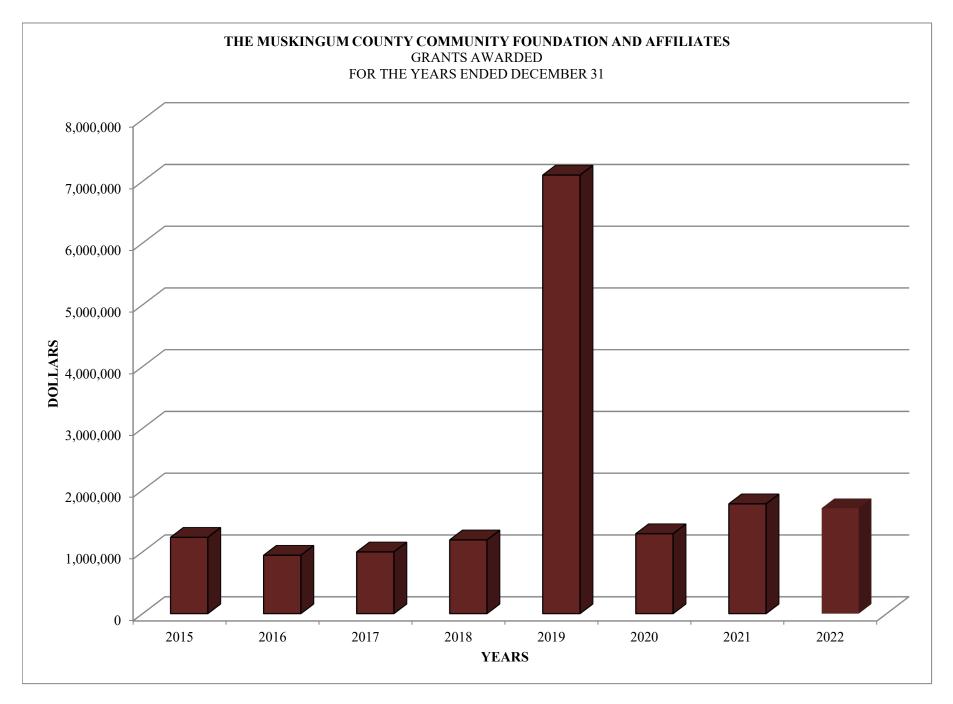

In February 2021, the Foundation entered into a note payable agreement with a bank as a Second Draw Loan under the PPP of the Economic Aid to Hard-Hit Small Businesses, Non-Profits, and Venues Act ("Consolidated Appropriations Act, 2021"). The unsecured note had a principal amount of \$68,517 and was originally set to mature in February 2026. During the year-ended December 31, 2021, this amount was forgiven and the full amount was recognized as support on the statement of activities.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

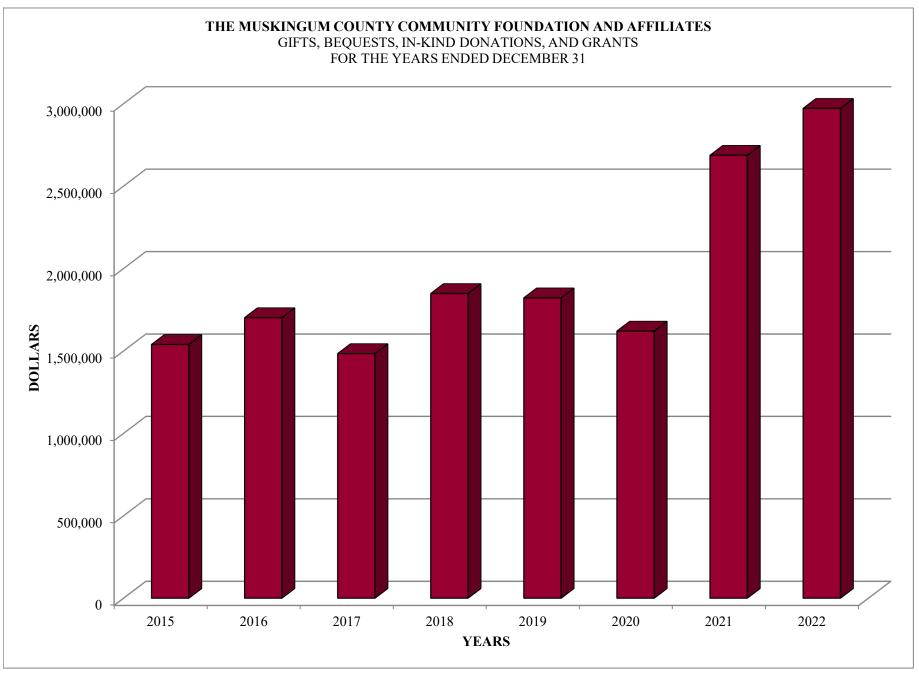

#### NOTE 17: GOVERNMENT ASSISTANCE (Continued)

# Employee Retention Credit

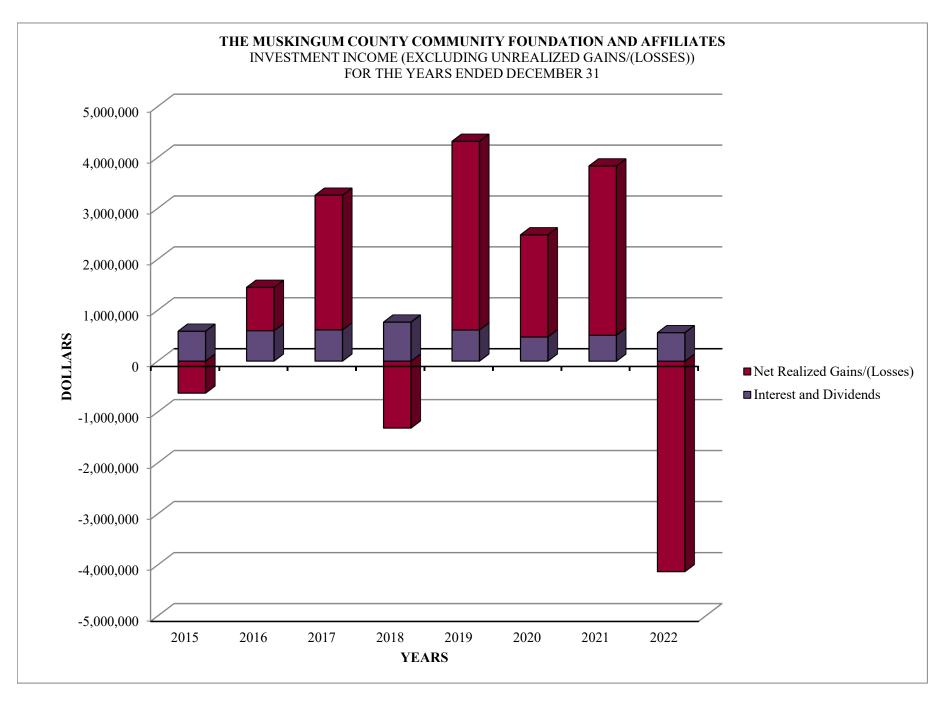

Also included as part of the CARES Act was the Employee Retention Credit ("ERC"). This credit is a refundable tax credit for employers who experienced certain levels of decline in gross receipts due to COVID-19. During 2021, the Foundation determined it was eligible for the program and requested an ERC of \$66,872, which was included in support on the statement of activities. As of December 31, 2021, the refund was outstanding and was included in other receivables. The refund was received during the year ended December 31, 2022.
