He loved competition, the desire to succeed, and winning at whatever he put his mind to. He especially enjoyed baseball, playing from an early age throughout high school and softball thereafter. He also amassed a large collection of baseball cards that includes many of the greats. When Todd became a father, it was then that baseball took on a while new meaning as he passed the love of the game on to his son Shane, and to many young boys in the surrounding counties.</p> <p>Juggling long hours as the CEO of his family's business, Todd spent countless hours after work coaching and preparing many young players how to be the best, both on the field and off. Forming his own travel team to compete with the likes of those in Licking and Franklin County, the 5B's Stingers made a name for themselves, and a team not to be taken lightly. Todd not only shared his time, but also his resources providing his teams with their own ball diamond, the best of uniforms and equipment, but also an indoor facility which was one of the first in the area and rivaled many small college programs. Todd used many of his leadership skills in the workplace on the ball diamond. He taught the boys the importance of working hard and always doing more than the competition. He pushed them father than they thought they had in themselves and encouraged them to never quit because nothing good comes from giving up. Todd could be tough, and his expectations were high, but the soft side of Todd also let every boy on his team know he appreciated their efforts, and he was proud of them.</p> <p>It's how you play the game that makes all the difference in whether you succeed or fail. The giving of one's best, taking advantage of every opportunity that presents itself and doing more than what is expected were just the foundation that Todd deemed important if one was to win on the field and off.</p> <p>Requirements:</p> <ul style="list-style-type: none"> • Must be a current player and 2-year Baseball letter winner at a Muskingum County high school • Must be a current high school senior 	Contact: scholarshipcentral@mccf.org

Todd was taken to the church of Christ as an infant and remained a faithful Christian until his death. As a teenager and especially an adult he was very active in the church. Todd went to kindergarten at Powhatan grade school, Powhatan Point, Ohio.</p> <p>In 1970 Todd's father was transferred to Ohio Ferro Alloy in Brilliant, Ohio from the Powhatan Ohio Ferro plant. Todd attended grade school at Brilliant elementary and junior high from 1970 until 1977 when his father was transferred again to the Ohio Ferro Alloy plant in Philo, Ohio. While living in Brilliant Todd was a very personal and outgoing youth. He and a friend had a large paper route covering the community of Brilliant. We lived one hour from the Pittsburgh Pirate and Pittsburgh Steelers stadiums. A favorite day out was a trip to the Pirate stadium with his friends. For 2.00 per student they ran the upper deck with their baseball gloves trying to catch a home run or fly ball. His dad also had season tickets to the Steelers games in the 70's, a dream for a young boy. They attended every home game. His dad even took him out of school to welcome the Steelers home after their first super bowl win. Todd played basketball in grade school and of course baseball in the summer while living in Brilliant.</p> <p>In 1977 when the family moved to the north end of Zanesville, Todd attended West Muskingum high school. Todd was active in basketball, baseball, track and football. The 1981-82 West M. football team was undefeated and Todd had a very successful season. Todd was offered scholarships to two colleges but he chose to go into the family business, 5 B's Inc. started by his parents on June 1, 1980. The name of the company came from the parents, and the three children Paula, Todd & Stacey, thus 5 B's. After graduation Todd played in many basketball city leagues, some sponsored by 5 B's. In 1985 Todd married his high school sweetheart Julie Ansel; together they had 2 children, Shane L.R. Biles and Alana Rae Biles Freeland.</p> <p>Todd started working for 5 B's on June 1, 1982. His father started training Todd to be the leader of the company from day one in the business. His accomplishments were many; he was tough but kind and compassionate. In 2010 when he became the CEO and President of the company, Todd told his dad he was 70 years old and need to semi-retire and let him take over the helm of the company. They still made all the major decisions together.</p> <p>This scholarship offers students interested in continuing their education at a two or four-year degreed school in a field of study that compliments local businesses and their challenges to find young people who want to come back to the area and bring "Value to the marketplace".</p> <p>Requirements:</p> <ul style="list-style-type: none"> • - Must be planning to continue your education at a 2-year or 4-year institution • - Must be majoring in a field of study that compliments local businesses 	Contact: scholarshipcentral@mccf.org

Once submitted, you will receive a list of scholarships you are eligible for and may choose to apply for.***</p> <p>"Gabby's Dream Scholarship Foundation was started in honor of my daughter, Gabriella Garven, who tragically passed away from her injuries she sustained in a car accident. If you were lucky enough to know Gabby during her short time here on earth, you know what an amazing hero she was and continues to be. Gabby was a beautiful, smart, funny, talented, athletic, brave, loving, and driven individual. While her brothers and mother were her biggest supporters, Gabby was everyone's biggest supporter. She loved children, she loved to make new friends (and was not shy when it came to being the one to introduce herself), she helped everyone she met and offered hugs and a laugh to anyone who needed them. Her bubbly personality naturally drew people to her. She was always quick to let you know she loved you, and she meant it, On October 29, 2019, she was declared brain dead. That might be the end of most people's story... but not Gabby's. Gabby decided she wanted to be an organ donor when she got her license. Her mother honored her wishes and 5 people gained the gift of life from her. A true hero who saved so many! She physically is not here with us on earth, but she lives on in those 5 people and in the hearts of all who were lucky to know her. This scholarship is just another way Gabby lives on. It's called Gabby's Dream because she had a dream of going to college and becoming a doctor. She had dreams, goals, and plans to obtain them. By giving this scholarship, the recipients who also have a dream, goals, and a plan; will have a hand in achieving them, thanks to Gabby. She will help give these students a piece of their plan and will continue to now live on through them." - Danielle Garven, Gabriella's mother</p> <p>Applicants must be a high school senior who is attending a Muskingum County high school and is planning to pursue higher education opportunities for the upcoming school year (college or trade school). Before the age of 16, he made money in many ways, including selling apples, mowing grass and delivering newspapers.</p> <p>When he was 16 years old, he began working for Domino's Pizza, "where his blood was replaced with pizza sauce". Tom started as a delivery driver and held every position possible before he became a franchisee in 1978 with the Domino's East location. When he passed away, he was a franchisee of 12 stores. Because he made a significant impact on Zanesville, many people worked together and sold enough tickets to "Zanesville Night at the Cincinnati Reds" for Tom to deliver the first ball onto the Red's pitcher's mound. Many people helped him to live a life long dream that night.</p> <p>Tom passed away on February 26, 2009 at the age of 55.</p> <p>This scholarship was established to honor Tom's memory, his sense of humor, his love for his family, his love of sports, and the value he placed in education. She had the Soul of an Angel and the Heart of a Warrior. She was a fierce athletic competitor, whether it was softball, basketball, or just a friendly game of kickball or tetherball. She gave it all she had, all the time and played with a passion and skill level well beyond her 11 years. She never focused on being better than everyone else; just the best that she could be. She had goals that she wanted to accomplish and worked hard EVERY day to achieve those goals. She often said, "It isn't good enough to be good- I wanna be great..." She knew and understood what it took to make her dreams come true: a vision, a plan, determination, and good old fashioned hard work!</p> <p>She had a very unique way of looking at life. Though competitive and confident, she wasn't mean. She always encouraged those around her and was often found teaching her friends, classmates and teammates. She was always happy and laughed often. She didn't waste time with anger or sadness but chose instead to smile and make the most of every situation. She believed that everyone was important and no one was better than anyone else. She was often champion of the underdog, never tolerant of bullying. She stood up for her family and friends, even people she didn't know. When kids were new to her team or classroom, Celine was often the first person they met.</p> <p>Though we didn't know it at the time, Celine was working hard at leaving a legacy behind for others: one that encouraged laughter not tears; happiness not anger; dreams not doubts. She accomplished more in her 11 years, 2 months and 23 days, than many people do in a lifetime and she had no regrets."</p> <p>It is our desire that through this scholarship we can assist other worthy student athletes achieve their own goals and dreams.
